

General Statement of Compliance

General Statement of Compliance for board materials according to IOS-MAT-0003 (v14) and IOS-MAT-0181 (v1)

Declaration format issue date: 2019-11-05

General Statement of Compliance for board materials according to IOS-MAT-0003 (v14) and IOS-MAT-0181 (v1)

Note: This form - or an equivalent form with the same information - shall be used to declare compliance with requirements according to section 1.4 in IKEA specification IOS-MAT-0003 (AA-10899-14) and section 1.4 in IOS-MAT-0181 (AA-2183046-1) for formaldehyde requirements on board materials.

We as manufacturer of particleboard, MDF (including HDF) or plywood (including plywood veneer core and plywood composite core) certify that we have read and understood above listed specifications, and that all listed products produced on and after the date or production batch indicated below, comply with IKEA requirements as listed in *Table 1*.

Table 1: List of processed plate materials (laminated)

Index #	Board full name (with type of board and thickness)	Board manufacturer's name and address (additionally state the production line, if more than one line at the same site)	Compliance to US Code of Federal Regulation 40 CFR § 770, at listed level ¹ below	IKEA special limits ² for Particleboard, MDF incl. HDF in IOS-MAT-0003 (• Complies, • Doesn't comply and made in North America)	TPC Number or TPC Name	Compliance to IOS-MAT-0181 with correlation between production control method and marked EN method		Complies with IKEA requirements as listed here in <i>Table 1</i> on and after below production date or batch	Not compliant with IOS-MAT-0181 as unfinished board
						EN 717-1	EN 16516		
1	Laminated MDF MFB-MDF in the thickness range from 8,8 mm up to 18 mm	JSC "Vitebskdrev" Stakhanovski Lane, 7, Vitebsk, 210008, the Republik of Belarus	US EPA TSCA Title VI-40 CFR Part 770	Limit EN 717-1 (ppm) 0,05	EPH Entwicklungsund Pruffabor Holztechnologie GmbH, as a third-party certification authority, approved by EPA/CARB/IKEA (EPA TSCA Title VI and CARB - approved TRC) TPC-10	x	□		□

¹ US EPA TSCA VI §770.10, ULEF test frequency reduction, ULEF TPC exemption, NAF TPC exemption.

² IKEA special limits in section 1.4 are:

ASTM E1333 or ASTM D6007: 0.11 ppm for thin MDF (not for flooring); EN ISO 12460-5: 4 mg/100g for particleboard, 5 mg/100g for MDF (other than thin MDF for flooring), 8 mg/100g for thin MDF for flooring.
